

Mondaine Classic Gift Set

Just in time for holiday gift giving, Mondaine urges customers to "Take Your Time." For this special time of year, Mondaine has packaged the timeless Classics watch in an exclusive gift box, accompanied by a high quality, genuine leather Mondaine cardholder.

The cardholder is available in black for men and red for women. This makes this Swiss Made timepiece an even better value and the entire purchase comes with a nice shopping bag.

Offered in a two-tone stainless steel case with a matte brushed finish, this special Mondaine Classic features a silver tone dial with raised, high-polish silver color markers, and the hour and minute hands accented in the same high-polished silver tone.

Of course, the watch features the signature Mondaine red second hand and both the Gents (36 mm case) and Ladies (30 mm case) come on a black leather strap.

This special gift with purchase Mondaine Classic promotion is available from September 2010. The watches are accompanied by a two-year warranty and backed by the Mondaine International Service Network (MISO). International recommended retail price in USD 235.- (including gift box, genuine leather card holder at retail value USD 75.-). Though not a limited or numbered edition, this offer has limited availability.

Mondaine represents affordable luxury. The Mondaine timepiece design is distinct, clean, easy to read and immediately identifiable thanks to its signature red seconds hand – all superb selling points for retailers and high-demand features for consumers. The timepieces are crafted of high quality materials and are Swiss made.
