

Swiss watchmaking tradition in a new look - Automatic

Generous design and function:

The Automatic model of the Official Swiss Railways Watch from Mondaine unites tradition and design. The classic round case made of polished stainless steel features a diameter of 40mm. Watch aficionados will especially appreciate the transparent caseback revealing the mechanical movement inside. The Automatic is now available with a trendy polished mesh bracelet. This new model will thrill watch lovers who value tradition, functionality and ultimate design. The watch is accompanied by a two-year guarantee, is Swiss-made, and backed by the Mondaine International Service Network (MISO). Available from professional, authorized watch dealers. Suggested retail price CHF 590.-
